Why art and why murals?

Ideally what we would like to see equality events coordinated with a mural creation, essentially stamping each event with a lasting image. I believe it will also provide a larger sense of community amongst the LGBT and their friends. Our goal is to create a subtle influence, not an in your face ‘I’m here and queer’ imagery. We would look to local artists to create imagery. Murals can be portable images that can be displayed at multiple locations or they can be created on wall space donated by building/shop owners. Our signs can stay and be a part of the community.

I can't draw or paint!

No problem, we pre-sketch images so volunteer work in a color by number environment. We will have local artist on hand to help.

How do we pay for this?

Donations are solicited from all sources. The greater the number of organizations involved, the larger the audience. The larger the audience, the greater the number of companies that will participate. Individuals attending the painting event may also donate. There is also the option of individual donations at marches and protests.

How are donations handled?

All Donations are given to the Art Miles Mural Project (AMMP)/United Nations Association of San Diego (UNA USA San Diego) and earmarked for CCAP. AMMP serves as CCAP fiscal agent.
